## From the Director

---

The Foundation supports the library in many ways. Funds given to the Foundation go to support library programs, collections, and the building. In 2009, the Foundation supported the Big Read which attracted 1600 participants to nineteen activities, furnishings for the children's and teens areas, and the summer reading program for children. Without these gifts the library would not be able to offer the scope of services it currently provides. In addition, the Foundation's investments help to ensure the long-term health of the library.

There are numerous ways you can contribute to the Foundation. To learn more, contact :

Ted Stark, Director
